DETAILED ACTION

Claim Objections

Claims 1, 3, 5, 9 are objected to because of the following informalities:

Claim 1, lines 8-9, "**predetermined voltage**" should correctly be
-- predetermined constant voltage --.

Claim 3, line 5, "**based current control**" should correctly be -- based current,
controls --.

Claim 5, page 3, lines 1-2, "a second control circuit" should correctly be -- a
second control current --.

Claim 9, "claim 2" should correctly be -- claim 1 --. Appropriate correction is
required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly
claiming the subject matter which the applicant regards as his invention.

Claims 3, 5, 10, 11 are rejected under 35 U.S.C. 112, second paragraph, as
being indefinite for failing to particularly point out and distinctly claim the subject matter
which applicant regards as the invention.

Claims 3, 5, 10, 11, by claiming the base current control section (comparator)
comprises an amplifier which amplifies ..." is unclear and indefinite. Applicant's
specification discloses the current mirror (Q9, Q10) operated as an amplifier, this is

incorrect. "current mirror" associated with an output current in an operational/differential amplifier and does not amplify, it merely combines two currents generated a single output current.

Allowable Subject Matter

Claims 3, 5, 10, 11 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 1, 4, 6, 9, 12 are allowed.

Claims 1, 4, 6, 9, 12 call for, among others, the base current control section is a comparator with the inter-terminal voltage and the predetermined constant voltage as a differential input.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
